## WHO WE ARE

ProMED Tasmania was founded in April 2021 and since our inception, we have been leading the industry with our professional and comprehensive medical solutions across a variety of events including some of Tasmania's largest and most iconic events as well as a myriad of smaller community, school, and sporting events.

We work with clients from pre-planning to post-event reporting to guarantee that their patrons, staff, volunteers, and event are safe and that any injured or unwell individuals receive the highest quality, patient-centred care possible.

## EVENTS WE COVER

ProMED Tasmania is able to provide event medical & first aid services to all types of events including :

- Motocross
- Equestrian
- Motor Sports & Racing
- Festivals & Concerts
- Athletics & Marathons
- Markets & Fetes
- Mountain Biking & BMX
- Corporate Functions
- Movie/TV Production

## WHAT IS IN THIS PACK?

This information pack provides some of the essential information about ProMED Tasmania and what we can offer to event organisers.

This includes our clinical levels, vehicle fleet, medical centres, equipment, skills and medications we carry/perform and licencing/legislative requirements.

If you require any specific information, please contact us!

## OUR FLEET

ProMED Tasmania has a range of vehicles to provide services across a broad range of event environments being purpose built and reliable.

### Standard Stretcher Vehicles

Our fleet of standard stretcher vehicles is made up of Mercedes Sprinters that are equipped with our standard inventory of medical equipment, supplies and consumables. They are fitted with a Ferno 50E stretcher and can accommodate a second stretcher if necessary.

### 4WD Stretcher Vehicles

Our fleet of 4WD stretcher vehicles is made up of Nissan Pathfinders that have been expertly modified to support our operations. Each of these vehicles is equipped with a Ferno 50E stretcher as well as our standard inventory of medical equipment, consumables and supplies.

### Response Vehicles

Our fleet of response vehicles is made up of a mixture of sedans, crew-cab utilities and SUV's that are equipped with our standard inventory of medical equipment, consumables and supplies. Please note that these vehicles do not have the ability to transport patients.

### Patient Transport Buggy

Our "Patient Transport Buggy" has been custom made of our operations and is designed to be utilised at events where a conventional stretcher vehicle is not suitable or too large to operate. It is equipped with a Ferno 50E stretcher and carries

### E-MTB Response Bikes

Our fleet of E-MTB response bikes is made up of Avanti Montari-e Performance with a Bosch Gen 3 Performance Line Motor. Staff provided with these bikes have extensive downhill, cross-country and endurance experience and carry custom, specialised medical equipment and packs.

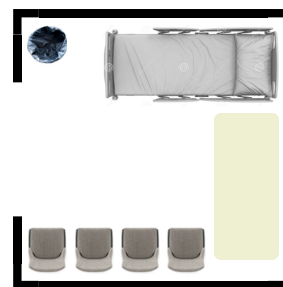

## OUR MEDICAL CENTRES/MARQUEES

ProMED Tasmania is able to provide a variety of sizes of pop-up medical centres, marquees and treatment posts. These are branded to provide maximum visibility and presence at your event.

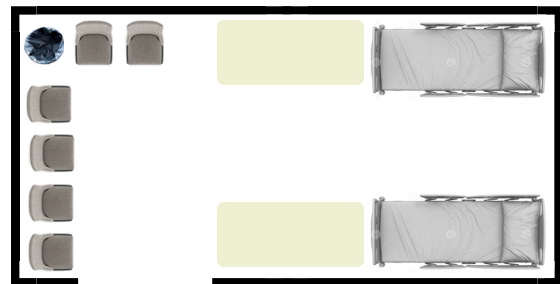

### 3x3m Branded Marquee

Our 3x3m branded marquees are professionally designed with custom high-visibility printing and are built to meet Australian Standards with a wind rating of up to 100km/h. We equip our 3x3m branded marquee with 1 treatment bed, 4 treatment chairs, 1 table and our standard inventory of medical equipment, consumables and supplies.

### 6x3m Branded Marquee

Our 6x3m branded marquees are professionally designed with custom high-visibility printing and are built to meet Australian Standards with a wind rating of up to 100km/h. We equip our 6x3m branded marquee with 2 treatment beds, 6 treatment chairs, 2 tables and our standard inventory of medical equipment, consumables and supplies.

### Custom Medical Centres/Marquees

ProMED Tasmania can provide custom medical centre/marquee layouts and designs based on your event requirements. From 4 bed medical centres with large seated treatment areas for sporting events through to 14 bed medical facilities (field hospitals) at music festivals, we have the experience in providing these across a variety of events.

**No matter what size, shape or design, we can provide customised solutions in client provided or ProMED Tasmania provided infrastructure. Contact us for to discuss your requirements!**

## OUR EQUIPMENT, SKILLS AND MEDICATIONS

ProMED Tasmania utilises a large range of industry standard and recognised equipment to provide our services at events. We are continuously undertaking quality assurance and improvement on our equipment, clinical skills and interventions to ensure they meet our requirements and demands.
